

WAR DEPARTMENT
OFFICE OF THE ASSISTANT SECRETARY OF WAR
STRATEGIC SERVICES UNIT
25th & E STREETS, N.W.
WASHINGTON 25, D.C.

MEMORANDUM

TO : Mr. Lawrence Houston
General Counsel

25 June 1946

FROM: Chief, Fiscal Section

OGC HAS REVIEWED.

1. There is attached a draft of a proposed request for a decision from the Comptroller General of the United States relating to two cases regarding the return of civil service employees from the armed services. While the subjects concerned are not mentioned in the draft, the employees are actually present members of the Fiscal Section.
2. The possibility of submitting this matter for a decision has been discussed with [REDACTED] and it appears to be STATINTL the general consensus of opinion that regardless of whether the decision be rendered affirmatively or negatively that the answers would be quite helpful to this and other government departments since the pertinent questions presented have not been answered by the Comptroller General.
3. In view of a recent decision by the Comptroller General, it might be more appropriate to submit a request of this nature to the Civil Service Commission. In any event, it is assumed that the letter would have to be processed through appropriate War Department channels and be presented over the signature of the Secretary or Assistant Secretary of War.
